

CARETAKERSENTRY

Part 40911 - CaretakerSentry Kit with Basic Pendant

Pendant: 3 year battery life and waterproof to IPX7 standards
Up to 9 pendants can be taught to a single base

FEATURES:

FULLY SUPERVISED

Pendants communicate with base station every 13 hours to ensure proper connection. Central station is contacted in the event of a power outage, low battery or loss of RF signal. Central Station is contacted if 4 reports are missed in a row.

AUDIBLE PROMPTS

Audible prompts can be heard during system set-up, system programming, testing and full system check. English, Spanish, French and Mandarin Chinese voice prompts are standard.

SOS CALL

Emergency call is placed by either pressing the 'EMERGENCY' button on the pendant or on the base unit. Braille lettering is included on the base unit buttons.

SPEAKER PHONE

Built-in speaker phone provides communication upon system activation.

BUILT-IN LINE-SEIZURE

This feature allows for the local telephone line to be seized during an emergency call.

STATUS INDICATORS

Phone connection, backup battery status, pendant and AC power are displayed by 4 LEDs.

CARETAKER BUTTON

Program an additional phone number to call family, friend or a nurse assist hotline. The programmed number is called only upon activation from the 'CARETAKER' button on the base unit.

PROGRAMMING

Program to any central station. Program the primary and secondary receiver numbers. Enter your 4 digit account number. Enter your 4 digit dealer code. Choose between monthly, weekly or daily test timers. Can be programmed remotely over the phone.

BATTERY BACK-UP

Base unit includes rechargeable batteries for up to 24 hours of emergency battery power in the event of a power outage.
